

2018年MCCRCプログラム予定（2018年6月26日現在）

順番未定、プログラム変更の可能性があります。

	<b>Adult MCCRC Core Topics</b>	<b>分野</b>
1	Principles of Mechanical Ventilatory Support.	呼吸
2	Mechanical Ventilation: Management of Acute Respiratory Failure	呼吸
3	Cutting Edge: When and How to Use ECMO	呼吸
4	Delirium: Why Can't We Figure it Out?	鎮静
5	Analysis and Therapy of Supraventricular Arrhythmias I	循環
6	Analysis and Therapy of Supraventricular Arrhythmias II	循環
7	Pulmonary Hypertension in Critical Illness: the "Right" Management	循環
8	Analysis and Therapy of Ventricular Arrhythmias I	循環
9	Analysis and Therapy of Ventricular Arrhythmias II	循環
10	Acute Kidney Injury: Diagnosis and Management	腎臓
11	Complex Acid-Base Disorders	腎臓
12	Bleeding and Coagulation Disorders: What am I to Do with Those New Agents?	凝固
13	Toxicology and Drug Overdoses	中毒
14	Trouble in the Environment: Temperature, Drowning, and Radiation	環境、高体温
15	Obstetric Emergencies	産科救急
16	Septic Shock: New Definitions, Diagnosis, and Management	感染
17	Antibacterials, Antifungals, Antivirals: When, How Much, and How Long?	感染
18	Acute Hepatic Failure	肝不全
19	Complications of Solid Organ Transplantation	移植
20	Management of Severe Stroke and Subarachnoid Hemorrhage	中枢
21	Sedation and Analgesia: Practical Drug Selection and Pharmacology	中枢
22	Seizures and Status Epilepticus	中枢
23	Death by Neurologic Criteria	倫理
	<b>Adult MCCRC Optional Topics</b>	
1	Ventilator associated pneumonia	呼吸
2	CV Surgery complications and mechanical devices	循環
3	Severe infections: common bacterial and fungal infections	感染
