Critical Care Reviews Meeting
Melbourne
December 10th - 11th, 2024

In partnership with the

Intensive Care
Academic Centre
Part of AlfredHealth

**10 & 11 DECEMBER 2024
FED SQUARE, MELBOURNE**

“If you haven’t been before, don’t miss the opportunity to attend what is widely regarded as the best critical care meeting around.”

The Critical Care Reviews Meeting, a scientific conference highlighting the best critical care trials in the world is coming to Melbourne!

- Features a unique format where each trial results are presented, including an independent editorial, open questions and an expert panel discussion.
- The program will feature 8 major trial results bringing the best critical care trials in the world.
- A lively atmosphere with exemplary science and thoughtful discussion bookended by live music and social functions throughout the two days.

Trials Announced:

- The UK ADAPT-Sepsis trial: Biomarker guided duration of antibiotic therapy in sepsis
- The AUS EVIDENCE trial: Efficacy and value in expedited out of hospital arrest care with end tidal CO2, ECMO & CPR
- The UK VACIRiSS trial: Vaccination for immune recovery following sepsis
